**SYNOPSIS:** This ordinance amends Section 44-154 of the City Code to enlarge the boundaries of the Wilmington Downtown Business Improvement District to include the 800 block of Washington Street. When the WDBID was created, this area was primarily residential and was not included in the WDBID. Over the years, many of the properties have been redeveloped into commercial properties, and the property owners approached the management of the WDBID and requested inclusion in the WDBID. This expansion has been unanimously approved by the directors of the WDBID.
