WHEREAS, pursuant to Section 2-308 and Section 8-200 of the City Charter, the City of Wilmington is authorized to enter into contracts for the supply of property or the rendering of services for more than a period of one year if approved by City Council by Ordinance; and

WHEREAS, the City desires to enter into an Ethernet Transport Services Agreement with Comcast Enterprise Services ("the Agreement") to connect all Fire Department facilities with the City's telecommunications network; and

WHEREAS, the services to be furnished under the Agreement will provide the City with new technology at a lower cost than the services currently being received by the City from a different communications vendor; and

WHEREAS, the term of the Agreement is for a period of thirty six (36) months beginning upon the execution thereof at a total price of Ninety Nine Thousand Three Hundred Sixty Dollars (\$99,360.00), to be paid in equal monthly installments of Two Thousand Seven Hundred Sixty Dollars (\$2,760.00) each; and

WHEREAS, it is the recommendation of the Division of Integrated Technologies, Office of the Mayor, that the City enter into the Agreement with Comcast Enterprise Services for the above-described ethernet transport services, a copy of which, in substantial form, is attached hereto and incorporated by reference as Exhibit "A."

THE COUNCIL OF THE CITY OF WILMINGTON HEREBY

ORDAINS:

SECTION 1. The Ethernet Transport Services Agreement between the City and Comcast Enterprise Services to connect all Fire Department facilities with the City's telecommunications network, a copy of which, in substantial form, is attached hereto as Exhibit "A," for the term of thirty six (36) months beginning upon the execution thereof, at a total price of Ninety Nine Thousand Three Hundred Sixty Dollars (\$99,360.00), to be paid in equal monthly equal installments of Two Thousand Seven Hundred Sixty Dollars (\$2,760.00) each, is hereby approved, and the Mayor, or his designee, and the City Clerk are hereby authorized to execute as many copies of said agreement, as well as all additional undertakings related thereto, as may be necessary.

SECTION 2. This Ordinance shall be effective upon its passage by City Council and approval of the Mayor.

Mayor

SYNOPSIS: This Ordinance authorizes the City to enter into an Ethernet Transport Services Agreement with Comcast Enterprise Services to connect the Fire Department with the City's telecommunications network. The term of this Agreement is for a period of thirty six (36) months, at a total price of Ninety Nine Thousand Three Hundred Sixty Dollars (\$99,360.00), to be paid in equal monthly installments of Two Thousand Seven Hundred Sixty Dollars (\$2,760.00) each.

Agenda #

IMPACT STATEMENT

This Ordinance authorizes the City to enter into an Ethernet Transport Services Agreement with Comcast Enterprise Services, to connect the Fire Department with the City's telecommunications network. The term of this Agreement is for a period of thirty six (36) months, at a total price of Ninety Nine Thousand Three Hundred Sixty Dollars (\$99,360.00), to be paid in equal monthly installments of Two Thousand Seven Hundred Sixty Dollars (\$2,760.00) each. It is estimated that the City will save approximately \$54,000.00 over the life of this Agreement compared to the charges of the City's current vendor.

Please refer to your Comcast Enterprise Services Master Services Agreement (MSA) for specific detail regarding such charges. Customer shall pay Comcast one hundred percent (100%) of the non-amortized Custom Installation Fee prior to the installation of Service.

GENERAL COMMENTS

AGREEMENT

This Comcast Enterprise Services Sales Order Form ("Sales Order") shall be effective upon acceptance by Comcast. This Sales Order is made a part of the Comcast Enterprise Services Master Services Agreement, entered between Comcast and the undersigned and is subject to the Product Specific Attachment for the Service(s) ordered herein, located at <http://business.comcast.com/enterprise-terms-of-service/index.aspx>, (the "Agreement"). Unless otherwise indicated herein, capitalized words shall have the same meaning as in the Agreement.

E911 NOTICE

Comcast Business Class Trunking Service may have the E911 limitations specified below:

- The National Emergency Number Association (NENA), a 911 industry organization that makes recommendations for standardized services relating to E911, has issued guidelines that state "The PBX owner is responsible for creating customer records, preferably in NENA standard format, that identify caller locations." To facilitate Customer's compliance with these guidelines and with associated state and local requirements related to provision of Automatic Location Information (ALI) for E911 services, Comcast offers two options:
 - a. Comcast will send to the ALI database or Subscriber Location Database (SLDB) the main billing telephone number and the main address provided by Customer; or
 - b. Customer may choose to sign up for up to 10 Emergency Location Information Numbers (ELINs) that Customer could assign to zones within Customer's premises that would be separately identified to the E911 call taker. The location information, such as a specific floor, side of a building, or other identifying information, could assist emergency responders to more quickly reach the appropriate location. Customer is solely responsible for programming its PBX system to map each station to one of these numbers, and for updating the system as necessary to reflect moves or additions of stations within the premises. Comcast will send the assigned ELINs to the ALI or SLDB database, as is appropriate.
- Many jurisdictions require businesses using multi-line telephone systems to program their systems to transmit specific location information for 911 calls. Customer bears sole responsibility to ensure that it identifies and complies with all such requirements. In any event, if Customer does not maintain E911 records in a timely and accurate manner, the E911 call taker may not receive proper location information, and emergency responders may be delayed or even prevented from timely reaching the caller's location.
- Battery Back Up - The Integrated Access Device (IAD) provided by Comcast is not equipped with battery backup. It is Customer's responsibility to ensure adequate back-up power is provided to ensure service continuity during a power outage, as employees would otherwise be unable to use the Services, including dialing 9-1-1, when power is unavailable.
- Calls using the Service, including calls to 911, may not be completed if there is a problem with network facilities, including network congestion, network/equipment/power failure, or another technical problem.
- All questions should be directed to 1-800-391-3000. E911 Service, Private Branch Exchange, and Direct Inward Dial Service.

By signing below, Customer acknowledges, agrees to and accepts the terms and conditions of this Sales Order.
