EXPANDED LEARNING PROGRAMS ARE AN ESSENTIAL PART OF THE SCHOOL DAY

Delaware Afterschool Network (DEAN)

- **Vision**

- A place where all Delaware K-12 youth have access to a high quality learning experience before and after the school day, preparing them for academic success, tomorrow's workforce, and to become engaged community citizens.

- **Mission**

- To expand and support high quality out-of-school programs, so Delaware's children are safe, supervised, and prepared to lead productive lives.

- **Purpose**

- A driving force that develops partnerships, brings stakeholders together, and share best practices to ensure that affordable, sustainable afterschool, out of school, and summer learning programs are available.

Delaware Afterschool Network's "Why"

- We believe our youth, now more than ever, need safe, local, quality educational supports outside of the school day
- We believe our local out of school providers are an important part of our local economy and our local communities
- We believe that all are stronger together and a network is the best way to organize them to best meet our families' needs
