complete a call-for-service analysis, which is the first phase in assessing local demand for community response team services, in our City. #0323 A Resolution Encouraging the Delaware General Assembly to Support House Bill No. 62 (HB No. 62), An Act to Amend Title 9 of the Delaware Code Relating to the Assessment of Real Property, which Sets a Requirement that Real Property Reassessments Occur at Least Every Five (5) Years

RES. 23-038
Adopted

Synopsis: *This Resolution is being presented by City Council for Council’s review and approval. This Resolution expresses support for House Bill No. 62 (HB No. 62), An Act to Amend Title 9 of the Delaware Code Relating to the Assessment of Real Property, which sets a requirement that real property reassessments occur at least every five (5) years. Property taxes are a significant source of revenue for counties, municipalities, and school districts. Requiring more consistent, timely reassessments reduces inconsistencies between present market value and assessed market value on taxable properties, facilitates a more equitable distribution of the property tax burden, and allows for more incremental tax increases from inflation and other factors that property owners are better able to absorb into their household budgets.*
