WHEREAS, Division 3 of Article VIII of Chapter 48 of the City Code sets forth development standards for City’s waterfront zoning districts (the “Waterfront Districts”); and

WHEREAS, the City’s Department of Land Use and Planning (the “Planning Department”) has reviewed the height, floor area ratio, and building coverage ratio restrictions for the W-3 (Waterfront Low Intensity Manufacturing/Commercial Recreation) Zoning District (collectively, the “W-3 Restrictions”) and has determined that the W-3 Restrictions (i) are severely restrictive compared to the height, floor area ratio, and building coverage restrictions for the other Waterfront Districts and (ii) have not generally been conducive to encouraging development on the eastern end of the City’s Seventh Street Peninsula without the need for relief from the Zoning Board of Adjustment; and

WHEREAS, the Planning Department has recommended that the W-3 Restrictions be revised to reflect what is generally allowed in other Waterfront Districts, namely, a maximum (i) height of six (6) stories and seventy-two feet (72’), (ii) floor area ratio of 2.00, and (iii) building coverage ratio of 0.60; and

WHEREAS, in accordance with and pursuant to Section 48-52 of the City Code, the City Planning Commission held a duly advertised public hearing at its November 21, 2023 meeting and adopted Planning Commission Resolution 8-23, which recommended approval of the proposed amendments to the W-3 Restrictions; and

WHEREAS, City Council deems it necessary and appropriate to amend Chapter 48 of the City Code to revise the W-3 Restrictions as described above and as set forth herein.
