WHEREAS, violence, as a complex social phenomenon, is driven by and associated with interconnected biological, psychological, social, and environmental factors, such as neurological imbalances, socioeconomic inequality, intergenerational trauma, and substance abuse and mental health issues; and

WHEREAS, to address those underlying causes, a violence prevention strategy would require partnership with government agencies and local organizations to provide support and resources for communities, especially those at-risk populations; and

WHEREAS, an effective public health approach to reduce crime would also require cooperation with law enforcement to prevent imminent acts of violence; and

WHEREAS, as of 2024, more than a dozen states across the U.S. have established offices of violence prevention that aim at breaking cycles of trauma, community healing, and restoring social trust; and

WHEREAS, the Wilmington City Council finds that it is in the public's best interest to establish a single, centralized office within the City government to coordinate among government agencies, community organizations, and other interested parties to implement such a multifaceted public health approach to reduce violence.

NOW, THEREFORE, THE COUNCIL OF THE CITY OF WILMINGTON

HEREBY ORDAINS:

SYNOPSIS: This Ordinance adds a new section under Chapter 2, Article V of the City Code and establishes a new office named the “office of community safety” within the mayor’s office. The office of community safety will treat violence within the city as a public health concern and focus not only on violence intervention, but on addressing the underlying causes of violence in an effort to prevent it from happening. By coordinating

among different stakeholders, the office of community safety will direct support and resources to at-risk populations and carry out the long-term goal of the city government to reduce crime, restore social trust, and enhance public safety.

FISCAL IMPACT STATEMENT: The Office of Management and Budget has reviewed and analyzed this Ordinance, which establishes a new office named the “Office of Community Safety” within the Mayor’s Office.

The Ordinance also creates a director position for the Office of Community Safety, but is silent on the job classification, salary, and source of funding. To fund this position, Amendment No. 2 to the Fiscal Year 2026 Annual Operating Budget proposes to increase the Mayor’s Office General Fund Personal Services appropriation by \$45,635, and to add \$31,500 in related Material Supplies & Equipment (MS&E) for the new Office. The ongoing annualized cost for the Office of Community Safety is projected to be \$183,720.
