SYNOPSIS: This Resolution authorizes the Office of Community Safety's grant application to the Delaware Prescription Opioid Settlement Distribution Commission ("DOSC") for a grant in the amount of $63,000, or such other amount that DOSC awards. The funds will be used to engage a consultant to provide dedicated grant, compliance, reporting, and performance oversight for the City's existing and future DOSC-funded opioid-abatement initiatives. No local matching funds are required.

FISCAL IMPACT STATEMENT: The Office of Management and Budget has reviewed and analyzed this Resolution, which authorizes the Office of Community Safety to apply for and accept grant funding from the Delaware Opioid Settlement Commission (DOSC) in the amount of $63,000, or such other amount as the DOSC awards, to engage a consultant to provide dedicated grant, compliance, reporting, and performance oversight for the City's existing and future DOSC-funded opioid-abatement initiatives.

This grant does not require City matching funds, and per the Mayor's Office, there is no expectation that the activities funded by this grant will continue post the exhaustion or expiration of grant funds. As such, this grant is not expected to result in a net additional General Fund cost, as long as spending under the grant does not exceed the final grant award. Any costs that are later found to be ineligible, exceed the amount awarded, or are otherwise not covered by the grant would need to be paid from another authorized funding source.
