This grant does not require City matching funds, and per the Mayor's Office, there is no expectation that the part-time position funded by this grant will continue post the exhaustion or expiration of grant funds. As such, this grant is not expected to result in a net additional General Fund cost, as long as spending under the grant does not exceed the final grant award. Any costs that are later found to be ineligible, exceed the amount awarded, or are otherwise not covered by the grant would need to be paid from another authorized funding source.
