SYNOPSIS: This Ordinance amends Chapter 2 of the City Code by deleting a defunct Task Force on Downtown Housing and creating a permanent Landlord Engagement Advisory Board.

FISCAL IMPACT STATEMENT: This Ordinance establishes a Landlord Engagement Advisory Board to advise on landlord-tenant policy, rental housing practices, and related City policies, operations, and initiatives, including rental licensing, housing code enforcement, landlord education and accountability initiatives, and water utility billing policies affecting rental properties. The direct fiscal impact associated with the creation and operation of the Board is expected to be minimal and will be absorbed within existing departmental budget appropriations. The Department of Licenses and Inspections and the Law Department will provide administrative and legal support using existing staff, and any associated workload increases are expected to be manageable within current resources.

The duties of the Board are advisory in nature and include reviewing data, collaborating on existing programs, and developing policy recommendations. These activities may require staff time and interdepartmental coordination; however, no additional personnel or expenditures are anticipated at this time.

While the Board itself is not authorized to expend funds, its recommendations may result in future legislative, programmatic, or operational changes that could have material fiscal implications. Any such impacts would be evaluated and considered through the City's budget and appropriation processes. Accordingly, this Ordinance's overall immediate fiscal impact on the City's General Fund is *de minimis*.
