Council Member Harlee

WHEREAS, the City of Wilmington (the "City") has determined to undertake a project in the City to finance a pilot study at the City's wastewater treatment plant to evaluate the effectiveness of an Aerated Static Pile Biodrying System (ASP-BS), with a specific focus on understanding the fate and transformation of Perfluoroalkyl and Polyfluoroalkyl Substances (PFAS) and associated precursor compounds, including pilot planning and design, system construction and commissioning, pilot operation and monitoring, the installation of blowers, air handling and odor control systems, and process monitoring equipment, as specified in the City's capital budget for its Fiscal Year ending June 30, 2026 (collectively, the "Project"); and

WHEREAS, in order to finance the Project and pay certain administrative costs relating to the Project and the costs of issuing the 2026B Bond (as defined herein), the City has determined to issue its General Obligation Bond (Emerging Contaminants PFAS Project), Series B of 2026-WPCRF, in a principal amount not to exceed $2,172,000; and

WHEREAS, the City has heretofore adopted the General Obligation Bond Ordinance, No. 83-019, Division 7 of Article VI of Chapter 2 of the Wilmington City Code (the "General Ordinance"), authorizing the City to issue general obligation bonds secured by a pledge of the City's full faith, credit, and taxing power, for the purpose of, among other things, paying the costs of capital projects; and

WHEREAS, this Ordinance is a Supplemental Ordinance adopted pursuant to the General Ordinance and provides for the issuance and sale of the 2026B Bond.

NOW, THEREFORE, THE COUNCIL OF THE CITY OF WILMINGTON HEREBY ORDAINS:

SECTION 1. Defined Terms. Terms used in this Ordinance and not otherwise defined shall have the meaning specified in the General Ordinance.

SECTION 2. Authorization of the 2026B Bond. The City hereby authorizes the issuance of its General Obligation Bond (Emerging Contaminants PFAS Project), Series B of 2026-WPCRF (the "2026B Bond"), or such other series designation as the Bond Committee (as defined herein) shall determine, in a principal amount not to exceed $2,172,000 pursuant to and in accordance with the General Ordinance, as supplemented by this Ordinance and the Bond Committee Resolution (as defined herein) for the purpose of financing the Project. The 2026B Bond shall be sold to the Delaware Water Pollution Control Revolving Fund.

The 2026B Bond shall be in such principal amount (not exceeding $2,172,000), shall bear such rate or rates of interest, shall mature in such principal amounts and on such dates, shall be subject to redemption, shall be sold at such price and in such manner, and shall be in such form and contain or be subject to such other terms and conditions, as shall be determined by the City's Bond Committee (the "Bond Committee") pursuant to a resolution of said committee (the "Bond Committee Resolution").

SECTION 3. Execution of the 2026B Bond. The 2026B Bond shall be executed by the manual or facsimile signatures of the Mayor, the City Treasurer, and the City Auditor, and by the manual or facsimile impression of the City seal, both attested by the manual or facsimile signature of the City Clerk or Deputy City Clerk. The 2026B Bond in definitive form may be printed, typewritten, or lithographed without steel engraved borders.

SECTION 4. Security for the 2026B Bond. The full faith, credit, and taxing power of the City is hereby pledged to the prompt payment of the principal of, premium, if any, and the interest on the 2026B Bond. The 2026B Bond shall be the direct and unlimited obligation of the City, and unless paid from other sources, the City shall levy *ad valorem* taxes upon all taxable property in the City for the payment of the 2026B Bond subject to the limitation contained in applicable law.

SECTION 5. Further Action. The appropriate officers of the City are hereby authorized and directed to take all such action, execute, deliver, file, and record all such documents, publish all notices, and otherwise carry out the intent of the General Ordinance and this Ordinance in the name of and on behalf of the City.

SECTION 6. Inconsistent Provisions. In the event that any provision of the 2026B Bond, or any term or condition contained in any agreement relating to the 2026B Bond, shall be inconsistent with any of the provisions of the General Ordinance, the provision of the 2026B Bond, this Ordinance, and such agreement shall be controlling with respect to the 2026B Bond and such agreement.

SECTION 7. Relation to General Ordinance. This Ordinance is supplemental to the General Ordinance and all sections of the General Ordinance, except as modified herein in accordance therewith, are applicable to the 2026B Bond authorized hereunder.

SECTION 8. Effective Date. This Ordinance shall become effective upon its passage by City Council and approval by the Mayor.

Mayor

SYNOPSIS: This Ordinance authorizes the issuance of a General Obligation Bond (Emerging Contaminants PFAS Project), Series B of 2026-WPCRF, in an amount not to exceed $2,172,000 (the "2026B Bond"), which will be sold to the Delaware Water Pollution Control Revolving Fund in order to (i) finance a pilot study at the City's wastewater treatment plant to evaluate the effectiveness of an Aerated Static Pile Biodrying System (ASP-BS), with a specific focus on understanding the fate and transformation of Perfluoroalkyl and Polyfluoroalkyl Substances (PFAS) and associated precursor compounds, including pilot planning and design, system construction and commissioning, pilot operation and monitoring, the installation of blowers, air handling and odor control systems, and process monitoring equipment, as set forth in the City's capital budget for its Fiscal Year ending June 30, 2026, (ii) pay administrative costs relating to such capital projects, and (iii) pay the costs of issuing the 2026B Bond.

FISCAL IMPACT STATEMENT: The Office of Management and Budget has reviewed and analyzed this Ordinance authorizing the issuance of the 2026B Bond, together with the related documentation provided by the State of Delaware. The 2026B Bond is authorized in an amount not to exceed $2,172,000 for a term of twenty (20) years, if repayment is required, at an annual interest rate of 2.0%. The interest rate during the disbursement period is 0%.

Assuming the full authorized amount of $2,172,000 is borrowed, upon completion of the project, up to $2,172,000 of the principal balance is eligible for forgiveness through the Delaware Water Pollution Control Revolving Fund program. If the full amount of principal forgiveness is applied, the net repayable loan amount would be $0 and the City would have no principal or interest payments associated with the 2026B Bond.

If no principal forgiveness were applied and the full $2,172,000 remained outstanding, annual debt service payments (principal and interest), payable semi-annually, would be $132,299 over the twenty-year repayment period. Over the life of the 2026B Bond, the City would pay $2,645,982 in total debt service payments, inclusive of principal and interest.

The City will also incur one-time bond issuance and financing costs of up to $7,000, which are assumed to be capitalized and financed from the bond proceeds. Any required debt service payments and the bond issuance and financing costs associated with the 2026B Bond will be paid from the Water/Sewer Fund.
